

EVENTS ORGANIZED BY CATR

Online Bioinformatics Course
(01-07 December 2024) **Registration open**

Machine Learning for Drug Discovery: Concepts to Applications (Online Course)
(27-29 November 2024) **Registration open**

Online Certificate Course on Genetic Engineering
(23-27 November 2024) **Registration open**

Online course on Computational Drug Discovery
(20-23 November 2024) **Registration open**

Hands-on Online Workshop on Homology Modelling
(8-10 November 2024) **Registration open**

Cancer Biology Certification Course
(18 - 27 October 2024)

Online Seminar on Art of Scientific Writing
(08 September 2024)

Hands on Workshop on Computer-Aided Drug Design
(01 - 06 September 2024)

Hands on Workshop on Precision Medicine and Drug Re-purposing
(26 - 28 July 2024)

International Online Workshop on Computer-Aided Drug Design
(01 - 10 July 2024)

Online Summer Training Program
(15 June - 15 July 2024)

Online Homology Modelling Workshop
(27 - 30 April 2024)

Three Month Online Certificate Course in Bioinformatics
(02 March - 26 May 2024)

Basic Bioinformatics Workshop
(07 - 09 January 2024)

One-week online training on Molecular Docking & Molecular Dynamics Simulation
(01 - 08 January 2023)

Basic to advanced Bioinformatics training course
(20 February - 02 March 2023)

Advanced Bioinformatics Training Course
(25 April - 10 May 2023)

Bioinformatics Workshop
(06 - 10 November 2023)

Three Week Online Summer Training on Computer-Aided Drug Designing
(04 - 25 August 2022)

E-Workshop on 16s ribosomal RNA Gene: From Primer Designing to Phylogenetic Analysis
(24 - 26 September 2022)

Short Term Bioinformatics Training on CADD
(19 - 28 November 2022)

Dissertation & Project Training
(Since 2022)
